

Souls for Christ Ministries Summer Newsletter 2019

Humanitarian Aid * Street Preaching Ministry * Demonstrating Gods Love

As of July 1st one of the largest shelters is closing in downtown Toronto. This shelter houses more homeless than all the others. This will be a terrible situation for many.

But we are busy weekly handing out food cards, clothing, sleeping bags and essentials to the most vulnerable in downtown Toronto because we can and will help annually.

Helping Where It is Needed Most

Clothing Donations are Vital

Special thanks to so many of you who donated clothing item for those living outside. Often it is the difference between life and death.

Many homeless people depend largely on clothing donations and food from Ministries like ours, but as seen here even the homeless need items like Bibles. Below is a woman who asked for a Bible & we gave her one and some food cards for a meal.

New Believers Please Pray for Them

Pray for **Bethel** who received Jesus in early June, that he lives out his faith.

Michelle received Christ in late April at Yonge & Dundas streets. Pray that she continues to live for God.

Pray for **Harold**, who approached me & asked if I could lead him to Christ. Here he is holding a Bible on a busy June day.

Jazlyn said she was Atheist but gave her heart to Christ in June. Pray for her to now grow as a Christian.

Team Outreach Street Evangelism

Tract Ministry Over the last few years alone we have lead **36** people to Christ through our street ministry. With our new Tract page on our website we now have downloadable tracts to print 1 or 2 to a page, helping many more people download free tracts and reach out.

Summer Outreach Ministry **Water Distribution + Summer kits for the Homeless**

Summer water distribution is vital. The heat is here and we will be out handing out summer kits + cold water to those who have little access to water.

Special Thanks to All Our Supporters

Our work is vast and the need for food, clothing, housing and even ice cold water continues to be a struggle for many. **100s** of homeless people have been added to the shelter system in downtown Toronto with virtually no space for them. Some of them end up living outside. But we have taken steps to help many of them through referrals for housing, bringing clothing, food, groceries and providing **100s** with meal cards. This gives the most vulnerable opportunity to receive a meal. But we couldn't do it without the faithful giving of our many supporters.

Thanks to everyone who gives to assist us in all we do.

Special thanks to Jody Steinhauer and the Engage and Change Program for the Bottled Water and Summer Survival kits again this year.

As the summer approaches many homeless people end up living outside no matter the weather. We ask you to pray as we minister to many who need to survive the heat and who have little access to water. And Thank you to everyone who has helped us be God's love in action to the needy year round. *Pastor Dean and Kim O'Connor*
